Academic Journals Database

Introduction to New Publishing Models

Realizing the integrated retrieval of Chinese and foreign periodicals. Among them, there are more than 8690 kinds of Chinese academic journals, which includes more than 1970 kinds of core journals of Peking University and more than 4840 first published online journals dating back to 1915 and totaling more than 66 million full-text articles. Academic journals in foreign languages include more than 75,000 kinds of journals from more than 900 publishing houses in nearly 80 countries and regions, covering 96% of JCR journals and 90% of Scopus journals and dating back to the 19th century and containing more than 95 million titles in foreign languages, which can link to full text.

Проблема с авторизацией по IP организации: в правом верхнем углу отображается только Login, после активации этой кнопки появляется окно для ввода логина/пароля

The screenshot shows the CNKI (China National Knowledge Infrastructure) website. In the top right corner, there is a 'Login' button. A modal window titled 'Password Login' is open, showing fields for 'Username' and 'Password', an 'Automatic Login' checkbox, and 'Login' and 'IP Login' buttons. A blue arrow points from the 'IP Login' button to a text box containing an error message. The error message states: 'Login failed. Your IP address is not within the scope of the license! Your current IP is:.....' and instructs the user to email 'info@dtgrm.com' with their organization's name. The background of the website shows the 'Academic Journals Database' section with statistics on journal collections and a carousel of journal covers.

About account registration

- What should you do if the sliding verification module does not display when registering an account?

If the sliding verification module cannot be displayed, please refresh the web page and try again. If the problem persists, please contact services@int.cnki.net for further assistance.

- Can the registered account be changed or cancelled?

The registered account cannot be changed, and you can visit <https://o.oversea.cnki.net/> to close it. Please note that once the account is closed, the balance, usage records, and downloaded articles will not be retained.

- Why does the system prompt "the username/email address already exists" when registering?

The username and email for registration must be unique. Please change another username or email address for
